SourceOECD News

- **Podcasts: Now on SourceOECD!** For the first time, OECD is now adding short video clips to SourceOECD. They generally feature OECD experts summarising recent findings and make excellent supplementary course material. The first three clips cover [Competitive Cities](#), the [Euro Area](#), and [Renewable Energy and Environmental Taxes](#).
- So far, half a million spreadsheet files showing OECD data have been downloaded using [StatLinks](#).
- An updated [Index of Statistical Variables](#) that links to ready-made Excel tables as well as to the SourceOECD databases providing the underlying data is now available. It uses [StatLinks](#) to link to Excel tables of data found in the [OECD Factbook](#), [OECD in Figures](#), the [OECD Economic Outlook](#), and other publications.

Publications Features - New Books and OECD Economic Outlook

- **Just published: [Bribery in Public Procurement: Methods, Actors and Counter-Measures](#)** A study that examines the shadowy mechanisms and patterns of bribery in public procurement, and offers insights into the ways in which organisations can use to improve their anti-corruption policies.
- **[OECD Factbook 2007](#)**: Economic, Environmental and Social Statistics.
- **[Society at a Glance](#)**: OECD's biennial stocktaking of social indicators of OECD countries. It is structurally similar to OECD's annual Factbook.
- **[Understanding National Accounts](#)** explains what GDP and GNI and their components are, and what they are used for with practical examples and exercises to clearly explain these concepts.
- **More effort needed to reach foreign aid targets, says the OECD's [Development Co-operation Report](#)**.
- **OECD Insights [Human Capital: How what you know shapes your life](#)** is now available. This book explores the impact of education and learning on our societies and lives and examines what countries are doing to provide education and training to support people throughout their lives.
- **[Climate Change in the European Alps: Adapting Winter Tourism and Natural Hazards Management](#)** The first systematic cross-country analysis of snow-reliability of Alpine ski areas under climate change for five countries in the region: France, Switzerland, Austria, Italy and Germany.
- **[Competitive Cities in the Global Economy](#)**: A synthesis report drawing from OECD metropolitan reviews, this book shows large cities' performance within their countries and addresses key dilemmas including competitiveness and social cohesion, intergovernmental relationships and urban finance.
- The OECD published its **[OECD Economic Outlook No. 80](#)**, containing its latest economic analysis and projections on 28 November 2006. It looks at the major trends and the economic policies required to foster high and sustainable growth in member countries.

OECD Factbook 2007: Economic, Environmental and Social Statistics.

Society at a Glance: OECD's biennial stocktaking of social indicators of OECD countries. This unique publication has been revised to be structurally similar to OECD's annual Factbook.

Understanding National Accounts explains what GDP and GNI and their components are, and what they mean. It shows how they are used and what they are used for with practical examples and exercises to clearly explain these notions.

More effort needed to reach foreign aid targets, says the OECD's *Development Co-operation Report*.

OECD Insights *Human Capital: How what you know shapes your life* is now available. This book explores the impact of education and learning on our societies and lives and examines what countries are doing to provide education and training to support people throughout their lives.

Climate Change in the European Alps: Adapting Winter Tourism and Natural Hazards Management The first systematic cross-country analysis of snow-reliability of Alpine ski areas under climate change for five countries in the region: France.
